Shop news:

41 Members helped during March. 114 helped during the first quarter. at the Shop in March. 73 members were helped.

Power of a reboot

1-Saves Power
2-Resolves software glitches
3-Resets internet connectivity
4-Boosts device performance
5-Keeps your device optimized

Recommend you do a reboot of your devices monthly.

Membership

The Club has 273 households which is 468 individual members. New members since the last newsletter:
Kathryn Johnson
Jay and Dale LaPointe
Craig and Gail Duke

May 13th Meeting:

Cutting the cord (3), cutting satellite TV, streaming W/O cable.
(LARRY JAVA IS SCHEDULED TO COVER STREAMING VS CABLE.

June 10th Meeting

We will have our yearly June ice cream social, and a very special presentation from the LGA on how they are using technology to keep our lake clean of invasive weed. The press will be invited, and we hope to attract additional guests. Mark your calendar!

April 8th Meeting Recap

Mark Sminkey covered Cloud storage basics and gave examples.

Ken discussed a number of issues taken from the recent member survey including
Buying Microsoft Office
Managing Gmail across devices
Top sites to get help
Making a Windows 10 decision

Thank you!

Thank you to all who donated their obsolete equipment to the shop! As a result of your generosity the shop was able to realize $488.24 in recycling or refurbishing of old computers, cell phones and cables / electrical cords. Your generousity allows the shop to continue to provide first class service to all of you.

Protect your privacy and security.

Delete your account information and personal data before deleting any app. Apps are often part of an intricate web of interconnected tools, products and sites that track and share your information. You should be wary of any app that requires access to your photos, files, camera, microphone and more.

Ask yourself it the app really needs all this access.
