November 11th meeting Recap

Our guest speaker was Fillmore Bowen who discussed cyber / internet / phone / device security! Phil has joined us before and once again gave a very interesting presentation.

We voted on a few bylaw changes. Among those changes was one to shorten the term for board members to one year (it had been 3 years). Then elected and installed the new board members for 2026.

HAPPY NEW YEAR!

If you think you may be talking to a scammer, STOP and think of these steps:

Slow down – Don't let urgency or pressure push you to take action.

Test them – Ask questions that they should know, especially if you think they are posing as someone you know.

Opt out – Don't be afraid to end the conversation.

Prove It – If any companies are involved, confirm the request by contacting the company through a verified channel like an official website.
